MEMORANDUM FOR: Chief, Real Estate and Construction Division

STAT

ATTENTION: [REDACTED]

FROM: PCS/DCI

SUBJECT: Requirements for Electrical Outlets

It is requested that electrical outlets be placed with one outlet under each desk in Rooms 514-A and one outlet in Room 518. The outlet for Room 518 is to be used for a mimeograph machine and it is believed that this outlet can be connected to the light switch on a pillar in that room making it unnecessary to drill through the flooring.
